These artists' collective careers span *three decades* and their music includes an incredible variety of on-your-feet, chart-topping smash hits. Together, they have sold millions, and audiences around the world are on cloud 9 when they finally get to see and hear these amazing performers that made our youth so much fun!

In this sample arrangement of the show, the ladies open with their heart pumping, Top 10 **Billboard Dance Chart** hit, '**Don't Stop Me Now**'. They continue to share the spotlight with a high-energy tribute to some of the most acclaimed artists and songs ever to be record. Immediately after the tribute, *(if we have a **special guest performer**, here is where they would be inserted, this is solely based on availability and price of the artist)*, other than that the ladies will go straight into their separate sets starting with....

Norma J. Wright (Chic catalogue). Not only was Norma a key member of the seminal group Chic, she has worked with the best in the business, lending her voice to recordings on albums for **Aretha Franklin, Mariah Carey, Madonna, Luther Vandross, Sister Sledge, and Debbie Gibson**, among many others. She's worked with Michael Jackson and toured on the road as BK vocalist for **Freddie Jackson, Chaka Khan** and others. She co-wrote, the classic R&B, hit song "Rising To The Top, and it's been recorded and sampled by **Doug E. Fresh, Mary J Blige, LL Cool J, Nas and 50 cent**.

Linda Clifford (Her catalogue) her landmark recordings have spent a total of **60 weeks at #1** on Billboard Magazine's dance charts earning **Grammy Award** and televised performances, Linda has appeared on **American Bandstand, Solid Gold, Soul Train, The Midnight Special** (including two stints as host), **Don Kirchner's Rock Concert** and **The Merv Griffin Show**. She is an exciting live performer with sold out live concerts around the world including New York's **Lincoln Center**. Linda is also an acclaimed songwriter, with her compositions being sought out by **Cher** and **Gladys Knight**. She has the distinction of being featured on the Oscar winning #1 motion picture soundtrack album **Fame** and as an actress, has had roles in such classic films as **Sweet Charity** with **Shirley MacLaine** and **Roman Polanski's Rosemary's Baby** with Mia Farrow. A true renaissance artist.

Martha Wash is last in the line-up but certainly not least. Wash is a two-time Grammy-nominated singer-songwriter, actress, producer and activist. She is noted for sparking legislation in the early 1990s that made vocal credits mandatory on CDs and music videos after her studio vocals were used in numerous successful dance songs without her permission. As a singer, she is most widely recognized for her classic dance hits "**It's Raining Men**", "**Gonna Make You Sweat (Everybody Dance Now)**" which sold 10 1/2 million copies worldwide. **Black Box's Dreamland** featured **four #1 Billboard Dance singles** and three Top 40 hits including "**Strike It Up**", a single that continues to receive massive airplay and is still heard at every professional sporting event everywhere! All of the above have achieved major success and all have one common denominator – Martha Wash. Martha can currently be seen on her award-winning internet/cable show, **10 Minutes with Martha Wash**. Featuring live concerts, music videos and exclusive interviews with some of Martha's favorite celebrity friends, the program won a **Telly Award** for Best Web Series Unscripted and a **W3 Award** for Best in Video Entertainment, and Communicator Awards of Distinction for Television / Video-Entertainment earlier this year. The second season of **10 Minutes with Martha Wash** will air on the **You Too America Network (YTA TV)** in Summer 2021.
